

## Media Convertor [AD-110]:

### || Outline:

The AD-110 series are Fast Ethernet-Fiber Convertors designed to be media interfaces between 10/100Base-TX Ethernet TP cable and 100Base-FX fiber cable with no increase in the hop count on the network. They feature a RJ-45 connector, and multi-form fiber optic connectors (FC , SC , LC , SC Bi-Di).
